Dear Mr Dulles:

In May and June I am planning a tour of the Far East on matters pertaining to COMINT and COMSEC. The only person to accompany me will be my assistant. I am enclosing my itinerary for your information.

I am going to try to talk with as many of our customers as possible.

If I may be of any service to you on this trip, please let me know. Also, any suggestions you may have in regard to the trip will be gratefully received.

Sincerely,
